

## Senior Salute

### Her

She's always making others happy.

Known to all by her tomboyish nickname, she is just the opposite. She stands about 5'5", and everyone will agree that she's just as cute as can be.

All those who know her will recall that while on a recent trip she wanted to make sure that all three girls in the room would have a chance to get to the bathroom in the morning. At two A.M. she jumped up and said, "Let's have a dry run!"

Do You know this girl? Name on page 5.

### Him

Known to everyone in the Senior class by the color of his hair, he is very popular with the entire school population.

He is a hard worker for the class, but I guess his girlfriend helps things along that line.

He is a member of our great football team, plays the trumpet in the concert band (He is especially know for his "Trumpeters Holiday") and he can always be found playing when the flag is raised in the morning.

Do you know this boy? Name on page 5.

## Our New Teachers

This year there have been fourteen new additions to the faculty of Pompton Lakes High School. Some of these people may be familiar, and others are completely unfamiliar to many. This series of articles will perhaps better acquaint you with the new teachers of the faculty by presenting a few facts about each one.

On behalf of the entire school, we extend our warmest welcome to all our new teachers.

### Mr. John Amorison

Mr. John Amorison attended Clifton High School and the College of Arts and Sciences at Fairleigh Dickinson University. After graduating He taught fifth grade at Wanaque last year. Mr. Amorison teaches World History and United States History I. He is also doing graduate work at Fairleigh Dickinson.

### Mr. Humphrey Brennan

Mr. Brennan, who was originally from Massachusetts, attended Tufts University and majored in Physics and Chemistry. After graduating, he worked in laboratories, followed by six years in the U.S. Army, where he attained the rank of Major. During that time, Mr. Brennan did staff work overseas and was a member of the Chemical Warfare Corps. In Washington. Following his career in the Army, Mr. Brennan worked in industrial laboratories and later began teaching. He has taught at Dwight Morrow, Manasquan and Neptune High Schools, and has been teaching for eight years. At the present time, Mr. Brennan is taking courses under the National Science Foundation at Stevens, Newark College of Engineering and at Rutgers, and, of course, he is here at Pompton Lakes High School in Physics.

### Miss Patricia Dunn

Miss Dunn attended Ramapo Regional High School and Paterson State College, where she majored in English. Last year, Miss Dunn was a student teacher for eight weeks under Mrs. Kivet. She is now teaching English.

### Miss Carolyn Kumfert

Miss Kumfert majored in Mathematics at Montclair. She has previously taught two years at Manchester Regional High. Miss Kumfert teaches Mathematics and Geometry.

### Mrs. Gloria MacMaster

Mrs. MacMaster graduated from Cortland State in New York, where she majored in Physical Education. After graduating, Mr. MacMaster taught in Saratoga Springs, New York, grades five to eight for five years, where she also had supervision for Physical Education for the lower grades. Last year she taught at Dumont High School and also substituted in Pompton occasionally.

### Miss Helaine Toretzky

Miss Toretzky, who is presently a Spanish teacher in Pompton Lakes High School, received her secondary schooling at East Side High School. She is a graduate of Douglass and majored in Spanish. This is Miss Toretzky's first year of teaching.

### Mr. Richard Zimmerman

Mr. Zimmerman, a graduate of Pompton High, received his  
(continued in Column 3)

## They Made It!

About this time the Seniors are beginning to receive replies of college acceptance. From now until June, hopeful Seniors will wait anxiously for their acceptances into the colleges of their choice.

In our high school, these Seniors have already been accepted:

Warren Knight - Central College, Iowa

Sandra Matousek - Drew University, New Jersey, with scholarship.

Michael Eisemann - Gettysburg College, Maryland.

Jean Barrows - Pasadena Playhouse, Pasadena, California

As you can see our Seniors will be traveling wide and far next year to obtain their education.

Congratulations to those already accepted and the best of luck to all who are now sitting on pins and needles waiting for an answer!

## Insignificant Events Dept.

### December

- 17 Junior Student Council Christmas Dance-Basketball game-Depaul-Away
- 19 Christmas Concert
- 20 Christmas Assembly - LAST DAY BEFORE CHRISTMAS VACATION!!! - Basketball game-Ramsey-away
- 27 Alumni Basketball Game

### January

- 11 Senior Prom

(continued from Column 2)

Bachelor of Fine Arts Degree from Pratt Institute. After graduating in 1961, he became administrative assistant at Pratt. He has also taken educational teaching at Montclair. In addition to teaching art for the first time, Mr. Zimmerman is also a practicing professional artist. His work in this field is primarily graphic arts in liturgics. Some of his works have been exhibited and he has published three pamphlets, consisting of text, prayers and related illustrations. The pamphlets were: "Prayers from the Feasts of Our Lady," "Four Illustrations from the Book of Revelations," and "The Song of Three Holy Children."

### Mr. Robert Reverse

Mr Reverse, who is teaching his first year of Science, attended Ramapo Regional High School and Paterson State Colleg, where he majored in biology and minored in general science.

### Mrs. Mary Sullivan

Mrs. Sullivan, who teaches French, is originally from Vermont. She attended Mount St. Joseph's Academy and the University of Vermont. She has previously taught at Stafford High School in Connecticut and Plainfield-Marshall High School in Vermont.

### Miss Patricia Dolce

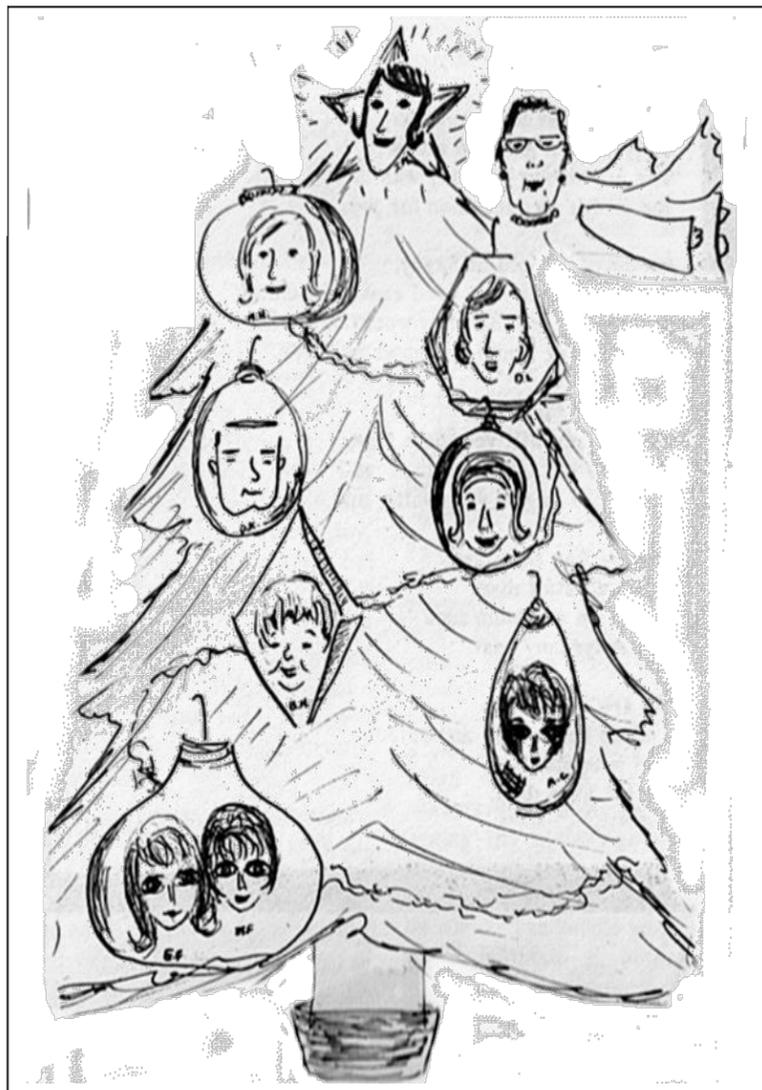

Miss Dolce, a brand new recruit to the faculty is originally from New York. She attended St. Cecilia's High School in New York City and graduated from Englewood Nursing School. At Jersey City College she took health education. Last year she did practice teaching under Mrs. Mac Master. Miss Dolce teaches first aid, home nursing, community health, safety, personal hygiene  
(continued on Page 5)

## Seniors Score Another Hit

The auditorium of Pompton Lakes High School rang with laughter last Thursday and Saturday nights when the Senior Class presented "Our Hearts Were Young and Gay." Under the direction of Mr. Burley, the cast, dressed in costumes of the late 1920's, gave a spectacular performance. This uproarious comedy is the story of two nineteen year old girls, Emily Kimbrough (Carol Lacirignola) and Cornelia Otis Skinner (Jeanne Barrows), on a fun-filled and exciting ocean voyage.

After a farewell to Mr. Skinner (John Quinn) and Mrs. Skinner (Cheryl Weatherwalks), the girls are free, "emancipated." The girls meet Winifred (Lynn Blomquist) and Harriet (Emily Freeland), two English girls who seem always to be concerned with a tube of dentifrice. A bit of romance enters into our plot when Emily and Cornelia meet Leo (Bob McCory) and Dick (Richard Harper). The ship's personnel (Dave Keeffe, Sharon Decker, John Sinsimer, Sam Faucetta) are kept very busy and rather confused by their two young passengers, Emily and Cornelia. One extremely funny scene takes place when Emily thinks that she has murdered a man. Another memorable part of the play is when Cornelia contracts a case of measles just before landing and must be checked out by the health inspector (Doris Schlessinger) of the French government which is opposed to disease. Of course all ends well and they arrive in Paris where they stay in a hotel run by Madame Elise (Donna Fream) and her daughter (Sandy Matousek). A bit of tragedy enters our story when Cornelia, who is interested in drama, is told by M. De la Croix (Al Slaff), a French actor interested only in using her father's connections in the American theatre, that she has no talent. A little French window cleaner adds a light touch of humor in the last act (Jimmy Warren). In the end all the happy voyagers leave for the ship that will take them home from their unforgettable vacation in France.

The CARDINAL congratulates the Senior class on a job well done.

# The Battle Against T.B.

## In Memoriam

The dead, they live and breathe  
 They walk and talk, and yet  
 The living are no longer,  
 We say they're fate they've met.

We are the dead,  
 Because our love of life is taken away.  
 But the man who lives in heaven  
 We call him dead today.

He is not dead.  
 His thoughts are with us ever,  
 He has not died,  
 His spirit shall leave us never.

Thousands upon thousands pay tribute  
 They walk up the hill to his grave  
 Millions upon millions of tears are shed  
 But the assassin's wounds they cannot lave.

And with the many came  
 The one he had called his wife  
 A braver and nobler a woman  
 You will never see in your life.

The children could not understand  
 They were a girl and a boy  
 The boy whose birthday was then,  
 But it was no occasion for joy.

Birthdays should be happy  
 But a mad man by a deed cruel and unfair  
 Had made sure that they would never be...  
 Their father would no longer be there.

Our leader lives on.  
 His dreams will yet come true.  
 Equality and justice will prevail  
 Under the flag of red, white and blue.

But the flag she waves  
 At a half staff mast  
 In a grim remembrance  
 Of the tyranny past.

We are the dead  
 And we have cried and cried  
 For with his death  
 We too have died.

## The Christmas Seal Symbol of Hope

Have you ever noticed the brightly-colored stamps which appear on the letters and packages which you receive at Christmastime? These stamps are a symbol of hope to millions of people throughout the world who are suffering from the disease of tuberculosis.

The first Christmas Seal Campaign took place in Denmark in 1904. Three years later, the first campaign grossed only \$3,000, but it was a start in providing a means of stamping out T.B.

The dangers and contagiousness of the disease are often underestimated. In the United States alone, it is estimated that 250,000 people have active T.B. One-fifth of the American population, or thirty to forty million people, are infected with the germ. Unless these people receive adequate treatment, they may eventually incur active tuberculosis.

Tuberculosis is a disease which may strike any person at any age, at any time. It sometimes strikes when a person's resistance is at a low ebb as the result of poor living conditions, inadequate diet, or poor health habits. It usually attacks the lungs, although other parts of the body may be affected.

The proceeds from the Christmas Seal campaign are used to finance hospitals, research centers, preventative drugs and educational services, and free x-ray and tuberculin testing. As a result of the activities of the Christmas Seal Association, thousands of deaths are prevented each year, and hundreds of people are cured and able to resume their normal every-day living.

The Christmas Seal Campaign offers a way for ordinary people to help in the tremendous battle being waged against T.B. Teenagers can lend their support to the fight by purchasing Christmas Seals, as well as by following safe health habits.

When you see a Christmas seal on a letter or package this Christmas, perhaps it will hold a different meaning for you. Why don't you buy a page of them now? You'll be buying hope for millions.

## Co-operation Plus

Whatever happened to the good old days when people took pride in school institutions? It is realized that going to a football or basketball game is taking pride in your team, which is a school institution, but the Cardinal, the Pioneer, and the Student Council are also school institutions!

How come people have the time to spend a whole Saturday afternoon at a football game, but never enough time to do their Pioneer write-ups or Cardinal articles? While we recognize the importance of yelling yourself hoarse, it's your Pioneer and Cardinal that you remember instead of a sore throat!

Those people who complain the most are those who do the least. Those people who say that Pompton doesn't have a good newspaper, yearbook or Student Council are those who have never volunteered to help these groups, nor when they have been asked to help, have they come through.

The members of certain classes have complained that their class doesn't go here or there or do this or that. When, however, they are asked to participate in fund raising activities that would benefit them and make these things possible, all that is heard is complaints.

It really looks like the students of P.L.H.S. don't really care about having a yearbook, a newspaper, or a Student Council. If they don't will they please inform the administration as these organizations were instituted by the administration because they thought the students of our school would profit by them. After all, it's a lot less work by not having them, and if the students really don't want them why should the faculty advisers, the editors and the officers bother.

Yet, it we didn't put out an edition of the CARDINAL, or if - for one year - the yearbook wasn't printed, or if there were no student council cards, and you had to pay a dollar to get into every football and basketball game you'd complain, wouldn't you?

What we really love is the high school opportunist who signs up for a club, or is elected to a position, but does nothing all year. Ye he never forgets that club when he is writing out his college application. We even heard it said that they sign up for clubs just to put it on their college application!!!

We bet that you never expected to see anything like this written in the Cardinal. We even bet that you don't read it. The Cardinal, you say, does not reflect the opinions of the student body and never voices any opinions. We fooled you this time!

## Ways To Prevent TB

- Yearly Tuberculin Test
- Adequate Rest
- Proper Diet
- Proper Sanitation
- Exercise Out-of-doors
- Adequate Health Standards
- Purchase of Christmas Seals
- Support of Local T.B. Agency

## Class News Notes

By Linda Wright

Hi Seniors...  
 Well, finally gave your performance of "Our Hearts were Young and Gay."

The Prom is coming. It'll be great. Hope everyone will support their Senior Prom.

Do you know who the mayor candidates are? They're Owen Berow, Ed Fagan, Jack McElligott and John Sinsimer. Good luck to all.

Congratulations to the seniors who have taken part in "Counterpoint."

Don't all seniors love bus drivers who get lost?

Hello Juniors...  
 Good luck with your Christmas dance--:Twas the Night Before Christmas"--on December 14.

Have fun when going to see "Oliver."

Well Sophs...  
 What have you been doing lately? Are you keeping it a secret?

## Concert

On Thursday, December 19 1963, there will be a Christmas Concert held in the High School Auditorium. There will be three choirs--the 7<sup>th</sup> and 8<sup>th</sup> grade choir, the high school choir, and a larger chorus. The Christmas Concert will be ably directed by Mr. Burley and Mr. Sobchock.

"But the flag she waves at a half staff mast."

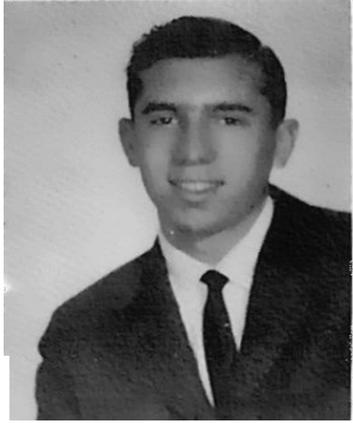

The Editors

## Get A Fair Deal With Owen

### The Card Party

(Sung to that old American favorite, Ta-rara-boom-de-ay)

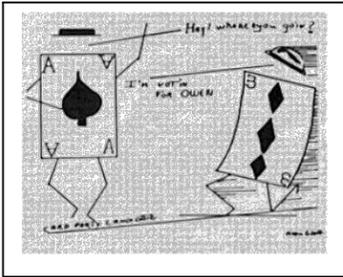

It's "Owen Berow Time"  
So pile your vote on mine.  
And join this bubbly guy  
Who's tall and thin, not shy.  
And if you want to see—  
Him on to victory;  
There's just one thing to do—  
Get gowen—VOTE FOR OWEN

Yes, Owen, Owen Berow. Does it sound much like one of your school mornings? Certainly, be-cause Owen is like any one of you.

Once in school he changes a bit from the average. No not into a snarling, conceited monster but into a fine student with a friendly manner. Despite excellent marks and honorable achievements, not a word of self-admiration can ever be heard from him.

Now Owen is among those selected to run for Junior Mayor, for may well supported reasons. And in standing with his character, his platform is simply an outstanding effort to do his best.

## See the Lite With Jack

Now Jack would like to say a few words.

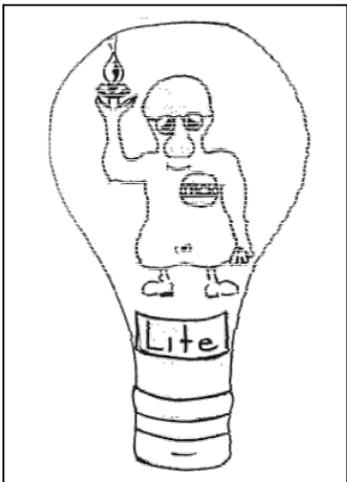

"What is the duty of the Junior Mayor in regard to his fellow students? He has no actual authority. Therefore he can make no conventional campaign promises.

"His duty is to represent the students of Pompton Lakes as best as he can. This I promise to you. If you choose me to be your mayor, I will strive to, in the best way I know how, to give to all, the expected impression of a student at Pompton.

"Make no mistake; I want very much to be your mayor. Nothing would make me feel happier than to know that you want me as your representative. So you can be quite sure that I'll give it all I've got to prove to you I'm capable of becoming mayor.

"I, as you, have great pride in our school. If I am elected you may rest assured that my pride in P.L.H.S. will be utilized to its fullest capacity. I will do my best. No one can ask more. Thank you."

Jack McElligott

JACK's most important ambition is to become a doctor.

JACK wants to be your mayor and will do his very best to represent you.

Let a little "Lite"  
In you life.  
Vote for JACK!

## Be One Of The Lively Ones Vote For Ed Fagan

### A Word From Our Candidate

I am extremely grateful for having been chosen for the honor of running for Junior Mayor. I am grateful for the chance to run against such a distinguished group of opponents in the spirit of keen, yet honorable competition, which is felt even now, and which will continue throughout the campaign. Most of all, I am grateful and honored to be able to speak to you, the students of today, the voters of tomorrow.

Now, as the campaign begins, I would like to ask a favor of you. I want you to consider your choice carefully before you vote. When election day comes, I want you to feel in all sincerity that you are doing more than just writing a name on a piece of paper. I want you to feel that your vote gives you just as important a part in this election as the part of the candidates themselves. Please remember that some day it will be up to us to run this country, and this is a tremendous responsibility.

On election day I want you to feel as if you're practicing for democracy, because, in truth, you are. I leave the final choice in your capable hands.

Your candidate for Mayor  
Ed Fagan

## Fagan, Fagan He's Our Man

Ed Fagan, a 200 pound, brown haired boy, is 17 years old. He has been involved in many and varied activities during school. He has played football for three years and has just been selected as a second team tackle by the Record. He is also a key javelin man on the track squad. He is president of the Pompton Lakes chapter of the National Honor Society. He has served on the Cardinal and is presently a member of the Pioneer Editorial staff.

Recently, he was chosen to be a host for a visiting foreign delegate. Ed has also received a Letter of Commendation from the National Merit Scholarship Program, putting him in the top two percent of all high school seniors.

Outside school, he is a busy boy too. Last summer he was selected to attend the Junior Engineers' and Scientists' Summer Institute at Lehigh University. Ed was also a delegate to New Jersey Boys' State. Last month he represented Pompton on "Counterpoint," a radio quiz show. Ed is president of his church's youth group, the Young People's Fellowship. This likeable and friendly boy would like your vote for Junior Town Mayor. He deserves it!

## Nothing Could Be Finer Than A Vote For John Sinsimer

On the morning of March 10, 1946, a great gift was given to the world.

All were amazed at the intelligence of this infant, for right from his first birthday, he started campaigning for that high office of Junior Mayor of Pompton Lakes High School.

On March 4, 1950, just before his fourth birthday, John Sinsimer came to Pompton because he was ready for that big day. He worked hard in school, but not too hard, so he wouldn't have to skip grammar school.

Finally in 1961, John Sinsimer came to P.L.H.S. as a sophomore. He made many friends easily because of his terrific personality.

As a past time, John Sinsimer entered a few activities such as: Cross-Country, track, choir, intramurals, the Spring Show, the Senior Play, and also C.Y.O., and of course, was successful in all of these.

Now the time has come, Let us all realize the great importance of the task which John Sinsimer desires to undertake.

Indeed, his ambition is great, and just think, you the students of P.L.H.S. can make this possible.

So why don't you get in the ACTION and vote for this magnificent, intelligent being. Vote for John Sinsimer.

### Now For A Commerical

I have been asked to state the platform on which I will be running for mayor. I believe firmly that everything I state is badly needed and should not be put off for future years.

Firstly, I think that we need a new municipal building with more meeting facilities. Much of the cost of this building could come from Federal Aid. Secondly we need an industrial zone for light

industry. This could be made into an industrial park such as Fair Lawn now has. Industry could also help to relieve individual taxes. Also the town needs to be rezoned. Whoever planned the original zoning did not do a good job, and as a result the town is a zoning mess.

As far as teenagers are directly concerned, I believe that we are ready to take more responsibilities such as teenage juries for teenage juvenile crimes. I think that with such responsibilities today's teenager will mature faster and be prepared to take the reins of the country's government when his time comes. He will also become a useful member of society instead of an outcast as he is considered by many people. Also during the winter, on weekends when there is no school activity, I think a teenage canteen would be ideal. The people who used it would maintain it. Someone is not going to ruin something he had to work so hard to get.

I also feel that we need more recreational areas. Instead of building houses on every available strip of undeveloped land, the land could be set aside for future parks. Much of this program could be accomplished through the aid of the Green Acres Program.

Another need is the establishment of a youth corps. This corps could maintain city, county, state or national parks and could be run by anyone of these governments. This youth corps would provide more jobs for the teens of today, and it would also provide necessary job experience for those seeking better jobs.

This is the platform on which I will run. My committee is behind me all the way. We believe these to be the most important issues facing youth today. We cannot show the rest of the town without your help. I humbly beg for your support in the election.

# Sports in Review & Preview

## Cardinals Eleven 5-2-1

### Cardinals Lose to Tough Panthers

For the second straight week, the Cards were beaten by a tough foe. Today, the Panthers of Pequannock turned the trick in what was billed as one of the biggest games in the state.

The Panthers' score came in the second quarter after a bad snap from center bounded away from Pompton punter Art Taglieri. The Panthers were able to capitalize on this mistake by going thirty-five yards in seven plays, with captain Paul Klouse bulging the last three yards for the touchdown. The key play in the short march was a fifteen yard pass from Bill Jagger to Bob Farrell.

The Cards had their chances in the fourth period when the Panthers fumbled twice. But Pequannock's defensive unit was too much for the Cards. In fact, they held the Cards to only forty-five yards rushing all day, most of which were picked up by Jack Kinsey. Among the standouts for the Cards were Mike Hamer, Bob McClenaghan and Ken Willis.

### Basketball Preview

After a rather lean 1962-63 season it is a safe bet to say that our rejuvenated cagers are in for a much better campaign. Coach Aug has been pleased with the progress of several players and credits this to hard work during the summer months. This has brought about a lot of "equal talents" on the squad, making the starting team tough to select.

Among the many improvements has been the shooting ability of the captain, Frank Kunzier (5'10; 140lbs.). Kunzier has shown marked progress in both his jump shooting and his driving. Warren Knight a 5'11" senior; Kenny Ball, a 5'10" junior; and Bob Toner, a newcomer; have also looked sharp in the shooting departments.

With Mr. Aug installing a new offense this season, our lack of big men will not hurt us in most games. However, we do have 6'4" senior Paul Usinowicz, who averaged 10.4 points a game last year and is great on rebounds. Denny Jackson, a 6'2" soph, will also help as will Knight, Larry Ball, Chris Polkowski, and Jack Tiemeyer, all of whom are about 6'1" and 160 pounds. Because of injuries, Knight and Polkowski may not be in the full season at full strength.

Other squad members are: Juniors, John Stone, Lloyd Miller, Glen Hazen and Andy Jordan; Soph, Jim McBain. Stone and Miller, both consistent performers loom as starters. What is red and white and gray? A can of Campbells cream of elephant soup.

### Jayvee Eleven 4-2

The Junior Varsity team under the guidance of Mr. McKenzie, ended up its first season with a respectable 4-2 record. They won their last three games in a row.

The Lakeland game, October 28, was a real thriller. An early first quarter touchdown helped the Cards to a 7-6 halftime lead, but in the third quarter, a fifteen yard penalty against Pompton helped the Lancers to a 12-7 lead. With less than two minutes remaining, Lakeland was forced to punt from their own eight yard line. They never got the punt off, because Mickey Canger blocked it, and Lakeland recovered in the end zone yielding a safety. The Lancers received a free kick from their twenty, with the score 12-9, in their favor. Behind good blocking, Jim McBain fielded the punt and ran it back for a touchdown, giving the Cards the game 15-12.

Wayne also succumbed to the Cards, 19-13, on November 4.

### Cards Lace Lancers

While rolling to their fifth consecutive victory of the season the Cards were able to shut out Lakeland for the fourth time in the four year series. Today it was 25-0, with Jack Kinsey getting 3 touchdowns and John Gibson, one.

The Cards quickly got into the scoring column when, on the third play of the game, Kinsey turned around and did it again - a 69 yard touchdown. They got another one in less than 5 minutes, after Art Taglieri intercepted a pass from Bob Bates. The Cards drove 40 yards in seven plays, the key being a nine yard scamper by Sam Faucetta. Kinsey went over from the four to boost the Cards lead to 12-0. Kinsey's run for the extra point was stymied by Lakeland's Eric Benninto.

The second and third periods were scoreless, although some very exciting football was played. It was very rough football, demonstrated mostly by Lakeland, who drove hard in several attempts to score. It was here that the Cardinal defense looked great as Bob McClenaghan, Bob Senior, and Paul Usinowicz spent much time in Lakeland's backfield, doing yeoman duty.

The string defense rallied the Cards to score two touchdowns in the last quarter. The first drive, a long one, was culminated by Kinsey's third score a two yard end run. The second was by Gibson from the nine yard line. Both scores were highlighted by some good blocking by Artie Livingston, Sandy "Moose" Schlessinger, and Dennis Corbett. Kinsey was the leading ball carrier with 110 yards in 14 carries.

### Wrestling

Pompton Lakes High School will participate in a full varsity wrestling schedule this year. The first match will be January 3 against Pequannock High School. Home matches will be on Saturday afternoons at 2 P.M. There will be ten matches in all.

The weight divisions for high school wrestling are as follows: 95, 103, 112, 122, 129, 133, 138, 145, 154, 167, 175 and heavy-weight. The actual match consists of three two minute periods. The first period is started in a standing or neutral position. The second and third are started in what is called the referee's position. A participant may win in two different ways. A pin, when an opponent's shoulder blades are pinned to the mat for a count of two, automatically ends a match. If the match ends without a pin, the point system is employed whereby a wrestler is awarded points for the successful execution of holds and counterholds. The object of the match is always to pin the opponent.

### Birds Bow To Bombers

Making use of three talented backs and capitalizing on two Pompton fumbles, the Boonton Bombers stopped the Cardinals winning streak today with a 19-13 victory at Hershfield Park, despite frigid weather.

The three backs, Joe Valetta, Jim Kiick, and Jim Bodino were menaces to the Cards' defense. Valetta started the day off with his contribution, a seventy yard run which ended up as a touchdown right after the kick-off. The extra point was no good.

The game, which was picked by local sportswriters to be one of the year's most outstanding games, settled down into a nip and tuck affair. The Cards were able to control the first half and had to work hard for their score. It came just before the half ended, as Jack Kinsey took a short pass from Hunt, reversed his field, and ran thirty-six yards for the score. The drive featured some good inside running by John Gibson, who was the game's leading ball carrier with 62 yards in 15 carries. Ken Willis' extra point gave the Cards a 7-6 halftime lead.

Leroy Hunt equaled Valetta's feat by returning the second half kick-off 86 yards for a touchdown. Willis' extra point was wide, but the Cards held a 13-6 lead.

Boonton stormed back on the running of Kiick and Bodino. Although they didn't score after marching 72 yards, they got the ball back on a fumble on the Cards' 11 yard line. Three plays later Kiick scored, narrowing the Cards' lead to 13-12.

The next time the Cards got the ball they fumbled again. Bodino recovered on the Cards' 16, and in two plays, Kiick slashed over for the winning touchdown. Gerry Stross' extra point made the final score 19-13.

### Booters Finish Out Season

After losing a poorly played game 4-0 to Wayne, the soccer team took it on the chin in their last four games. Each game was lost by one goal. The scores: Franklin 2, Cards 1; Sussex 4, Cards 3; Ramsey 3, Cards 2; Wayne 1, Cards 0. It should be stated that Sussex and Franklin are state soccer powers. Mr. Cera played against Franklin High when he was in high school, incidently.

Soccer Scoring	Goals	Assists	Total Points
William	4	2	6
Csizmadia	4	1	5
Burdi	1	4	5
Miller, Lloyd	2	1	3
Polkowski	1	1	2

## Harriers Go Undefeated 10-0

### Beat Lakeland

- #7 - Cards 20, Lakeland 39
- 14:16 - Sinsimer, P.L.
  - 14:34 - Barry, P.L.
  - 14:41 - Blood, Lakeland
  - 14:55 - Jordan, P.L.
  - 15:07 - Harlback, Karl, Lakeland
  - 15:15 - Fox, P.L.
  - 15:28 - Tredrea, P.L.
  - 15:32 - Pilipski, Mark, Lakeland
  - 15:37 - Wolf, P.L.
  - 15:39 - Krom, P.L.

### Pasted Pequannock

- #8 Cards 17, Pequannock 46
- 14:18 - Sinsimer, P.L.
  - 14:51 - Barry, P.L.
  - 14:58 - Jordan, P.L.
  - 15:11 - Durant, P
  - 15:17 - Tredrea, P.L.
  - 15:29 - Jackson, P.L.
  - 15:38 - Krom, P.L.
  - 15:46 - Wolf, P.L.
  - 15:51 - Salmon, P.
  - 15:56 - Quinn, P.L.

### Bashed Butler

- #9 - Cards 25, Butler 35 (at P.L.)  
Co-Captain John Sinsimer broke his old course record by thirty-eight seconds with a 13:38. The rest of the finishes were:

- Charlie Bellars, Bu.
- Kevin King, Bu
- Rich Barry, P.L.
- Andy Jordan, P.L.
- Bill Vogy, Bu.
- John Tredrea, P.L.
- Bob Jackson, P.L.
- Sammy Weinstein, P.L.
- Dennis Wolf, P.L.

### Blasted Bernardsville

- #10 - Bernardsville 35, Pompton 21
- Sinsimer, P.L. 13:39
  - Barry, P.L. 13:50
  - Jordan, P.L. 13:55
  - Koehler, B. 14:02
  - Moke, B. 14:05
  - Tredrea, P.L. 14:06
  - Mulhare, B. 14:15
  - Vorrie, B. 14:16
  - Fox, P.L. 14:25
  - Weinstein, P.L. 14:32

## Harriers Third In County

The annual Passaic County Cross-Country Meet was held at Garret Mountain on November 2.

The Cards proved themselves to be one of the top teams by placing third among fifteen entries. John Sinsimer took fourth place, Rich Barry took twenty-first, and Sam Weinstein took twenty-ninth place out of the thirty runners; but it was close. He couldn't quite make thirtieth; the other guy was too slow.

Individual honors went to St. Bonaventures Greg Micozzi, who was followed by the favored Ed Schopperth and Jim Hagman, both of Passaic Valley, and Sinsimer.

### Hunt Led Gainers

The most yards gained by a Pompton player in one game this season is held by Leroy Hunt. The slim speedster, who missed the last two games of the season because of a knee injury, picked up the hundred seventy-two yards in fourteen carries against Roselle Park.

## To An Amoeba Dying Young

By John Miller

On a murky day in the month of May  
At the edge of a little pond so blue,  
An amoeba was floating merrily  
Over the slowly decomposing goo.

Then with a flash of light and a swishing roar,  
A glass jar swooped down in a surge of might;  
The amoeba being caught by surprise  
Had to give himself up without a fight.

He carried him back pack frame high;  
Student and teacher stood cheering by;  
Of to the lab he sadly went,  
His glucose so low that he'd surely die.

He put him in a culture dish  
Along with plenty of food to spare;  
He turned on the light to keep him warm  
For, as you know, an amoeba has no hair.

"Thirty students every period,  
Thirty students I have to see;  
Thirty humans to shake my dish,  
Why, oh why do they stare so at me?"

At the beginning of one school day,  
He took him out and put him on a slide;  
Although his pseudopods could really go,  
From his master he could not hide.

Stain was added to the water;  
The slide was fastened between the clips;  
The cover glass was pressed down hard,  
And the 'scope light on he flips.

The coarse focus was brought down fast;  
The objective lens could clearly be seen;  
The fine focus had been adjusted now,  
And the eyepiece he proceeded to clean.

The slide was moved across the stage  
Until the amoeba came into view;  
The filter was moved toward the light  
Until he looked like a colored stew.

A sharp knife was thrust through the membrane,  
And the cytoplasm started to stream;  
When the message reached the nucleus,  
The little fellow could almost scream.

The knife cut even deeper;  
The Amoeba struggled in stiff defiance,  
But the cruel Mr. Banta could only say,  
"Don't fret! It's all in the name of science!"

Doug V.T. — Hey Little Girl	Ann G. — Run, Samson, Run

## And Away We Go!

On November 18 and 19, our school was unusually quiet and dull — the Seniors were missing! — Off to the United Nations to learn about our government one day and to West Point, Hyde Park and Vanderbilt Mansion the next day. Everyone of the Seniors liked the trips because —they proved to be interesting and educational, despite the fact that we had to walk a lot more than we had planned.

Everyone arrived at 8:00 with a few exceptions, dressed in a notable manner. The bus pulled out at 8:30 and arrived at the U.N. about 10:00. Each group took a guided tour through the main functional parts of the U.N. We were permitted to sit in on a conference with six different translations of the speeches available through earphones. Have you ever listened to a speech in Chinese? It's quite enlightening. The excursion through the building was over by 12:30 or 1:00. We went to lunch at a New York restaurant. After we were once again saved from starvation, the bus was off on a return trip to good old P.L.H.S. where we returned tired and once again hungry by 3:00.

Tuesday's trip proved to be as interesting as Monday's. The bus left at 8:30 again and arrived at West Point by 12:00. Most of us had already eaten our lunches by 11:00 and were already starved. Unfortunately, we were not permitted to tour West Point itself. The girls had to be happy with seeing a few cadets from a distance.

A trip to Hyde Park, the home of Franklin D. Roosevelt followed. It is a beautiful rambling estate located in the hills of New York. The visit to Vanderbilt Mansion, located near Hyde Park, showed us how the "other half" lives. I think we lost a few Seniors during the tour. It is an extremely exclusive, luxurious and immense mansion. The trip home was enlightening too. Ask Mr. Petrides and Mike Conizzo if you don't believe me. As we pulled into the P.L.H.S. parking lot at 7:00, the end of two perfect days had come. We thank our chaperones for an experience we will long remember.

## Our New Teachers

(continued from page 1)

and personal health. In addition to this, she does work at Englewood Hospital.

### Miss Helen Waywell

Miss Waywell attended Pompton Lakes High School and graduated from Paterson State College where she took social studies and English. Last year Miss Waywell taught at West Milford High School. She is presently teaching seventh and eighth grade block.

### Miss Edwina Revack

Miss Revack, originally from Wayne, attended Ramapo Regional High School. She graduated from Montclair State College and has ventured into her first year of teaching Latin. Her immediate plans include marriage in the near future.

### Mrs. Elizabeth Bloise

Mrs. Bloise has attended the College of St. Elizabeth and Hunter College and has obtained her B.A. and M.A. degrees. She has formerly taught Spanish and Latin at Paoli Area High School in Pennsylvania and is teaching Spanish II, III, and IV here at Pompton. Last year she toured fourteen countries and visited Mexico the year before. Mrs. Bloise also has two sons at college in Pennsylvania.

### Mr. Gerhardt Schaupp

Mr. Schaupp, who teaches general science, attended Marquette University in Wisconsin and Brigham Young University in Utah. He has a B.S. degree in zoology and botany. His previous teaching was done at Hasbrouck Heights High School, and he had also been an engineering assistant. Having an avid interest in the German language, Mr. Schaupp conducts a German club and is also a scout master in Caldwell.

## S.G.A. News

The Senior Student Council celebrated Student Council Week in many ways. Three delegates attended the 38<sup>th</sup> annual New Jersey Association of Student Councils' Convention on Wednesday. They traveled to Rutgers University in New Brunswick to attend sessions, clinics and workshops on the theme, "Foundation for Democracy"

Students supported our schools first Color Day on Fri-day, November 15 by wearing red and white. It was overwhelmingly successful. Booster tags were given out for the following day's game. Friday afternoon, before the Butler game the annual Pep Rally was held. The Student Council President, Marlene Hevia, presented awards to Homerooms 103 and 104 who tied for first place in decorating their home-rooms for Color Day. Students receiving prizes were Patricia Hess, Linda Grossi, Leighton Griffiths, Sue Hilliard, Susan Holcaer, Debbie Kellner, Cheryl Hazekamp, Ruth Friedner, Sandra Dellay and June Dumler.

On Friday evening the Student Council organized the Snake Dance from the school to Hershfield, escorted by the Pompton Lakes Police Department. At Hershfield Park a huge bonfire, songs and cheers were enjoyed by a large crowd.

The Student Council ended the week with the End-of-the-Season Dance in the gym on Saturday evening. A surge of school spirit was evident as this turned out to be the best attended dance so far this year.

## The Howdy Doody Murder Mystery

Kowabonga! The American public has been deceived. For a whole decade we've waited for the return of Princess Summer, Fall, Winter, Spring, but so far she hasn't shown.

Remember kids? Years ago our leader, Buffalo Bob, explained Miss Summer, Fall, Winter, Spring's hasty departure saying she'd been called away by her tribe. The very next day the wooden marionette had turned into a real live girl!

After a few years, however, the Princess left the T.V. program. Buff again explained that she had important tribal affairs to attend to and would return in seven years.

Some say she left because of the constant squintings Clarabell had been giving her with his seltzer bottle. Others say she left to establish a new singing group called the Four Seasons.

Whatever happened, the mystery of the Princess still is on the list of America's greatest unsolved crimes.

## Your Winter Wardrobe

It is not necessary for you to own a tremendous wardrobe. The right way is to build a sensibly selected group piece-by-piece, season by season. Take a good fall/winter wardrobe for instance.

You can get by with one dark dress suit. Two sport jackets will do a lot to stretch your economy—size wardrobe, one of which can be a flannel blazer in camel, black or bottle green. The other coat could be a Shetland or tweed in a bold check or plaid in a multi-colored blend. Two pairs of slacks will help you get the most out of your casual outfits.

Sweaters also come under casual wear. Very popular are the mohair v-necks, turtle necks, and zipper cardigans, with patch sleeves.

Very smart looking are the oxford dress shirts with the button down snap tab collars.

For the casual look in shoes, dark brown Norwegian type moccasins are tops! For dream wear, the plain toe cordovan bluchers (combat boots) in a smooth calf or fine-grained leather will do nicely.

Take this program step-by-step and before you know it, you will have a definite, well-coordinated wardrobe!

## Quotables

This time we give you some "famous quotes" that you might be able to use at any time. These are quotes from people in all walks of life.

"When in trouble or in doubt,  
Run in circles, scream and shout."  
H. Wouk

"The beatnik is rapidly going the way of the American buffalo, to which he bears strong resemblance."  
B. Hills

"If at first you don't succeed,  
you're running average."

## Senior Salute:

**Bob Senior**

**Joey Shallers**
